### PROFILE

I grew up playing a variety of sports and stayed active from childhood through adulthood. After aging out of organized sports, I began CrossFit in 2014 and was introduced to a new side of Fitness including Olympic weightlifting, bodybuilding, and intense functional training. I immediately fell in love with the health and fitness world and began coaching at my local CrossFit gym. It is a huge passion of mine to help people step out of their comfort zone to achieve their goals. As a Personal Trainer and CrossFit coach, I specialize in Strength and Conditioning. I enjoy working with those who are just starting out on their fitness journey, as well as those who are looking to further challenge themselves.
